Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *A Familiar History of Birds* Our object being rather to furnish the reader with rational and interesting facts, than systematic arrangements, it is not intended to treat the subject of Ornithology scientifically. But at a period when the education of every class of the community is rapidly improving, and when the minds of the rising generation are in a state of advancement, fitting them for that more perfect knowledge, which, in the preparation of elementary books, ought always to be kept in view, it is of importance that even the simplest work should be arranged and founded, in some degree, on scientific principles. We shall therefore commence with a few introductory remarks on those peculiar features in the formation and habits of Birds, by which they are distinguished from other branches of the animal creation; evincing, as they do, that uniform and beautiful adaptation of means to the accomplishment of certain ends, which characterize every branch of the creation; each in its respective perfection, proving beyond contradiction that as the works of the Lord are manifold, so in wisdom hath He made them all. The visible creation, it has been well said, was Adam s library. There may be times, places, and occasions in which a page out of a book in that library may impart not only instruction to the head, but consolation to the heart. When that persevering traveller, Mungo Park, was at one period of his perilous course fainting in the vast wilderness of an African desert, naked and alone, considering his days s numbered, and nothing appearing to remain for him but to lie down and die, a small moss flower...
