FRANK LLOYD WRIGHT (PAPERBACK)

DOWNLOAD

Reaktion Books, United Kingdom, 2006. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book. The life and architecture of Frank Lloyd Wright (1867-1959) have been much-studied, yet there is a consistent division between analyses of his architecture, which exclude any discussion of his daily life, and books that tell the often sensational tale of his life, with barely a passing reference to the buildings themselves. The result is that, despite the large number of volumes on Wright, the most essential part of his life - his life as an architect, working, as he said, in the cause of architecture - remains virtually unexplored. Frank Lloyd Wright offers an account of Wright s life as an architect, the ideas, beliefs and relationships that shaped his life and work, and the manner in which these affected, and are reflected in, his architecture. During a tumultuous life and extensive career which includes such hugely defining buildings as the Guggenheim Museum, Fallingwater, Taliesin, Unity Temple, and the prolific Prairie Houses, Wright endeavoured to shape the emerging and evolving American democracy, its mode of dwelling, and its relation to the traditional conception of the city. Fusing ancient construction geometries with contemporary ideals of Transcendental philosophy, Wright sought to develop an appropriate architecture for the new world of the twentieth century. In doing so, he served as the primary inspiration for the emergence of Modern architecture around the world. Robert McCarter examines how Wright s architecture crystallized key conceptions of both private dwelling and public citizenship for American society, and relates how, through his work and writings, Wright developed relationships with key leaders of the arts, industry and society. He analyses how and why Wright maintained that architecture was the background or framework for daily life, never the literal object of...
