Completely among the best pdf I actually have possibly read through. It is probably the most awesome pdf we have read. You wont really feel monotony at whenever you want of your time (that's what catalogs are for about in the event you ask me).

ZIP-LINE

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 24 pages. Dimensions: 8.3in. x 8.3in. x 0.2in. Zip-Line is a charming childrens book written for young boys and girls that had open heart surgery and are left with a zip-line - a large scar on their chest. Written and illustrated by the father of a baby girl who had open heart surgery at 6 months of age, this heart warming rhyme book whimsically explains the answer to the question How did that line get there. Beautifully illustrated, Zip-Line sets a model for children to be comfortable with themselves, their scar, and the surgery that they were too young to remember. With an estimated 20, 000 pediatric open heart surgeries each year in the United States, and nearly 70 of those performed on children under one year of age, this story helps raise awareness of Congenital Heart Defects (CHD) and provides all children with a simple positive message: So ask me and Ill tell you my story and my name, and though we might look different there were otherwise the same.
