Cool Air is a short story by the American horror fiction writer H. P. Lovecraft, written in March 1926 and published in the March 1928 issue of Tales of Magic and Mystery. The story is set up as the narrator's explanation for why a draught of cool air is the most detestable thing to him. The tale opens up in the spring of 1923 with the narrator looking for housing in New York City, finally settling in a converted brownstone on West Fourteenth Street. Eventually, a chemical leak from the floor above reveals that the inhabitant directly overhead is a strange, old, and reclusive doctor. One day the narrator suffers a heart attack, and remembering that a doctor lives directly above, heads there, culminating in the narrator's first meeting with Dr. Munoz. The doctor shows supreme medical skill and saves the narrator with a concoction of drugs, resulting in the fascinated narrator returning regularly to sit and learn from the doctor. As their talks continue, it becomes increasingly evident that the doctor has an obsession...

### Reviews

*Completely essential go through ebook. It can be written in basic phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*
