Clocktower Books, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.25 light years from dying Earth, a fresh, earth-like planet broadcasts radio invitations to come to a thriving alien starport. Paul and Licia Menard (lovers) join Earth's six final surviving humans to journey 1,000 years and join a star-faring civilization. What the pioneers find is however a world of jungles and plains, with no sign of advanced civilization, but ancient ruins everywhere. They find blue-skinned, stone age villagers with dim cultural memories of star flight. As six excavate an ancient, purposely sealed chamber in the village of Akha - answers to questions nobody ever thought to ask. Already, one of the pioneers is dead-from a lander crash upon leaving the mothership. Dead is engineer Tynan's spouse, Nancy-meaning one of three breeding pairs is lost. Another couple, the Wengs, are lost somewhere - it's not clear if their life craft burned up in orbit, or crashed and burned, or if the two scientists are struggling alone and lost someplace far away. Paul and Licia's lander burned up on crashing, though the two just barely escaped unhurt. With each of the three life craft/landers that is lost, an entire library of dead Earth's civilization is gone forever. Just three pioneers are accounted for in Akha: the dangerously explosive trio of Licia and Menard--plus the odd man in: handsome, rugged Tynan, who soon starts eye contact with Licia. Sparks fly. One of the men must leave, forever, on his own in a vast wilderness haunted by roaring beasts. Will it be Menard or Tynan? Ancient laws of evolution, survival, rivalry, and conquest kick in - the Human Condition, at its last gasp, far from lost Earth. Is there...
