

Science Fair Warm-Up: Learning the Practice of Scientists: Grades 7-10

By John Haysom

National Science Teachers Association. Paperback. Book Condition: new. BRAND NEW, Science Fair Warm-Up: Learning the Practice of Scientists: Grades 7-10, John Haysom, Even science fair enthusiasts may dread grappling with these two questions: 1. How can you organise many middle school students doing many different projects at the same time? 2. How can you help students while giving them the freedom of choice and independence of thought that come with genuine inquiry? Answer the questions--and face science fairs without fear--with the help of this book from the Science Fair Warm-Up series. This book, for grades 7-10, develops the ideas about practices that students learn in the first book. Students will also find that the two-star problems are much more cognitively demanding. In addition to offering original investigations, the book provides problem-solving exercises to help students develop the inquiry skills to carry the projects through. To save you time, the materials are organised to grow more challenging and encourage independent study as students progress through the grade levels. To help you meet your teaching goals, the series is based on the constructivist view that makes students responsible for their own learning and aligns with national standards and the new Framework for...
